## ORDERS TO FILL NATIONAL GUARD REGIMENTS.

Owing to withdrawals from the National Army to fill National Guard regiments to the new standard of 3,600 men, a heavy shortage is evident in the National Army, and the expediting of the second call is being considered. Quarters are available for an additional regiment at each of the cantonments and in some instances for a brigade. Factors operating against an early call are lack of clothing and equipment and the overburdening of the railroads in moving the men. The call is likely in December or January.

The strictest secrecy is being observed regarding the date of transfer to Southern camps of 8,000 selective draft soldiers from Camp Zachary Taylor. The men will be taken wholly from the 159th Depot Brigade, it was announced Saturday, and will be the biggest troop movement ever made out of Louisville.

Hurried preparations to receive the fourth and final quota of the first call for the National Army were begun at Camp Zachary Taylor, following receipt of telegraphic instructions by Maj. Gen. Harry C. Hale. The men will begin arriving Wednesday. Officers to have charge of the reception of the new men have been named and will meet at once for instruction.

The next increment of the National Guard from Kentucky will call 4,990 boys to the training camp, making up the total of 14,236, as 9,246 have already been called. Adjutant General J. Tandy Ellis announced that he has received reports on the full quotas from the counties of the State. The names of those who will go from Bourbon county were published in Friday's issue of THE NEWS. The next call which has been ordered, will take the following quotas from counties in Central Kentucky:

Bath, 43; Bourbon, 76; Clark, 73; Fayette, 27; Fleming, 73; Franklin, 2; Harrison, 40; Jessamine, 38; Mason, 54; Mercer, 29; Montgomery, 42; Nicholas, 24; Owen, 30; Scott, 47; Woodford, 29.

## TO SELL LIBERTY LOAN BONDS.

John T. Collins, chairman of the Bourbon County National Defense Finance Committee, has appointed the following gentlemen to solicit subscriptions for the United States Government Bonds of the second Liberty Loan: Thos. H. Clay, Jr., S. L. Weathers, John Woodford, Lee Stevenson, George Jones, J. Harry Holt, T. Hart Talbott, John Willy Jones, Edward Costello, H. C. Smith, Claude M. Thomas, Capt. F. E. Nelson, Charlton A. Clay, Samuel Clay, Ray Burris, James Dodge, Samuel Harding, Elmer Boardman, Houston Crouch, Edsell Clark, K. D. Burris, A. T. Moffatt, W. D. McIntyre, J. F. McDaniel, D. C. Lisle, V. W. Ferguson, Ben Rucker, G. R. Burberry, Hope Wiedemann, Catesby Woodford, John Clay, Joe Leach, Frank Clay, Wm. Woodford, James Thompson, W. B. Ardery, Robert Meyer, M. R. Jacoby, John D. Wiggins, N. Ford Brent, W. A. Thompson, H. S. Caywood, W. G. McClintock, James Caldwell, Dr. F. P. Campbell, A. B. Hancock, J. W. Davis, John Davis and Peale Collier. They are asked to solicit subscriptions and meet again Thursday evening at 7:30 o'clock at the court house.

## RETURNS WITH BUICKS.

Messrs. Chas. S. Ball, Charles Hopkins, Wood Houston and Carl Schrote, of the C. S. Ball Garage forces, returned Saturday from Flint, Michigan, driving four new Buick machines which they secured from the Buick factories.

The party left Paris Wednesday for Flint to get the cars. Returning they struck some extremely cold weather through Michigan, where they saw children rolling huge snow balls and skating. The cold made the drive back very uncomfortable for them until they struck "Dixieland."

## BARROW HOSPITAL UNIT EXPECTING ORDERS DAILY.

Orders to prepare for taking the field are daily expected by the Dr. Barrow Base Hospital Unit daily. Several Paris and Bourbon county people are members of the unit, which has been reported to Surgeon General Sturgeon at Washington as ready for action.

The training of the hospital corps is now practically the only thing that stands between the embarkation of the unit for the foreign service.

## BUSINESS MEN'S CLUB IN LIBERTY LOAN MEETING.

The Business Men's Club will hold a meeting at the court house at 7:30 o'clock Thursday night to discuss the subject of raising Bourbon county's allotment in the new Liberty Loan. The allotment for this county has been placed at \$400,000, just \$100,000 more than that of the first loan.

## CHICAGO WINS WORLD CHAMPIONSHIP SERIES

The Chicago White Sox clinched a good hold on the world's championship games by winning at New York yesterday from the New York Giants by a score of 4 to 2. Chicago won four games and New York three. The batteries yesterday were: Chicago—Faber and Schalk; New York—Benton, Perritt and Raliden. Umpires—Klem, O'Laughlin, Evans and Rigler.

## MIDNIGHT FIRE DESTROYS WM. BRYAN HOME.

The handsome home of Mr. Wm. Bryan, of the Peoples-Deposit Bank, located at Fifteenth and Cypress street, was completely destroyed by fire Sunday night, originating from leaking gasoline in the garage a short distance away. Mr. and Mrs. Bryan had retired for the night, when the former was awakened about 10:40 o'clock by the smell of smoke and the crackling of flames. He hurriedly sent in a call to the fire department, and neighbors coming to the scene, sent in an alarm from Box 25.

The fire department responded promptly with the auto truck and chemical engine, but upon arrival found that the fire had communicated to the residence. This necessitated a return to the headquarters for additional hose. The members of the department state that the fire pressure from the water works pump station was very weak when they began work, else they could have saved the residence. The flames soon spread through the entire house, which was reduced to ashes in a short time, despite the efforts of the firemen to control it.

Mr. Bryan, with the help of neighbors and volunteers among the spectators saved some furniture, but the rest of the contents were consumed by the flames. He carried \$1,800 insurance on the home, \$700 on furniture, \$350 on the Chevrolet auto, which was thought to have primarily caused the blaze, but had no insurance on the garage.

Experts who examined the auto after the fire were of the opinion that a short circuit in the wires in some way ignited the gasoline, which started the work of destruction. Mr. and Mrs. Bryan spent the remainder of the night, after viewing the fire's destructive work, with neighbors. They gave the firemen a quick meed of praise for making a run and making a game fight to save the home, although working under a handicap.

## EVERYONE MUST MAKE TAX RETURNS

Paris citizens, firms and corporations who are liable to tax under the new tax revenue law, recently enacted by Congress, must within the next thirty days, make returns to the Federal Government or they will be subjected to a heavy penalty.

Notice to the public and instructions to the various internal revenue collectors throughout the country were issued last week in Washington by United States Internal Revenue Commissioner Roper interpreting the new law's operation and classifying the persons, firms and corporations affected.

Warning was given by the Commissioner of Internal Revenue that in no case would the government take the initiative in getting in the returns, although all returns will be verified, but that everybody concerned should communicate with the nearest revenue office.

Persons failing to make returns, Commissioner Roper announced, will be regarded as tax slackers and penalties will be enforced against them.

## SUPERINTENDENT NOMINEE WRITES CARD TO VOTERS

Friends, I take this opportunity to express my sincerest gratitude for your every effort in my behalf, although I've been tardy in my expression of such, which is not very indicative of great appreciation, and when I tell you I have been busier until now since the primary than before you will know why I haven't thanked you earlier. You have indeed been loyal and I appreciate it, besides I feel just as kindly toward those who were against me, for I respect their choice, but I hope they will feel willing to vote for me in November, as many have declared they would. So, let us get together and do the big thing expected of us. We stand at the threshold of a new day in our country. Come, let us go forward. Help me to make my dream for her a reality. In so doing, God help me to make the "very" most of every opportunity.

J. B. CAYWOOD.

## PATROLMAN KING RESIGNS—TAKES DETROIT POSITION.

The resignation of Patrolman John W. King as a member of the Paris police force was tendered to Mayor John T. Hinton last week to be come effective immediately. He will be succeeded on the force by Mr. Thos. W. Mynes, who has for several years been in charge of the county workhouse in East Paris.

Mr. King came to Paris from Augusta several years ago, and became a member of the Paris fire department upon the succession of Mayor John T. Hinton to the executive office. He was afterward appointed a member of the Paris police force, in which capacity he rendered faithful and efficient service. In the latter part of his tenure of office he made the race for the Democratic nomination for Jailer of Bourbon county.

Mr. King left Sunday for Detroit, Mich., where he has secured a position in the employ of the Dodge Automobile Co., as gateman at one of their largest factories. Mrs. King and family will leave to-day for Detroit to join Mr. King in their new home.

## LIEUTENANT REUBEN HUTCHCRAFT NOW SERVING IN FRANCE.

Lieut. Reuben Hutchcraft, son of Mr. and Mrs. R. B. Hutchcraft, of Paris, former Representative from Bourbon county in the Kentucky Legislature, member of the Kentucky Tax Commission and lately Professor of Law at the University of Kentucky, has written back from France, where he has been sent on special business by the War Department, that he is in the army service in the land of the Bourbons.

Lieut. Hutchcraft, who was commissioned after graduation from the Officers' Reserve Corps training camp at Ft. Benj. Harrison, Indiana, wrote last week to Judge W. T. LaFerty, Dean of the Law College of the State University at Lexington, telling him that, while he could not tell much of his trip to France because of the strictness of the military censorship, he was enjoying himself, and was in active training "somewhere" in France. Joseph Torrence, of Cynthiana, recently commissioned in the army service, is also in France, and is with Lieut. Hutchcraft.

## FORMER PARISIAN KILLED BY LIVE WIRE.

Mr. Julian Howe, of the Paris Gas & Electric Co. received a letter Saturday from Mr. Wm. B. Tinsley, of St. Louis, formerly of Paris, in which he told of the death there of Mr. C. E. Wilmering, who was for a time in the employ of the Paris Gas & Electric Co., as solicitor.

Mr. Wilmering, who was an expert electrician, was making some adjustments to an electric dynamo in Maplewood, a suburb of St. Louis, when his hand accidentally came in contact with a live wire. The entire voltage of the powerful current passed through the unfortunate man's body, causing death instantly. Mr. Wilmering will be pleasantly remembered here, he being a man of genial qualities. While here he was married to a St. Louis girl, who survives him.

## B-4 FIRE Insure with W.O. HINTON & SON, Agts

GRANDSON OF PARIS MAN IN AVIATION CORPS.

Sunday's Courier-Journal publishes a fine half-tone cut of Mr. Percy C. Henry, Jr., son of Mr. and Mrs. Percy Henry, of Louisville, a grandson of the late Mr. Phil Nippert, Sr., of Paris.

Mr. Nippert is now in Louisville awaiting orders to join the Aviation Corps of the United States Army, in which he has secured a commission as Lieutenant. He has been captain of the baseball team and the football team at Georgetown College, where he has been a student for several years. Mr. Henry has been a frequent visitor in Paris, as a guest of his uncle, Mr. Phil Nippert, manager of the Paris Ice Manufacturing Co.

## BIGGEST AND BOLDEST PLOT FOILED BY SECRET SERVICE

A plot to export tungsten, a metal used to harden steel, from this country on board the Scandinavian-American liner United States, in violation of the espionage act and President Wilson's proclamation, was balked in New York by Federal agents with the arrest of three men. The illicit export of the metal, presumably for Germany, has been going on for some time, the United States attorney announced.

Harold A. Content, Assistant United States District Attorney, who represented the case, declared that the breaking up of the plot "is equivalent to the sinking of ten German submarines."

One of the men arrested was Fritz Oerundel, a steward on the United States. Federal agents say they found on him a brass check for a suitcase, which, when located, contained forty pounds of tungsten, and that a search of the liner brought to light 160 more pounds concealed under a stateroom floor.

The other two men arrested were Waldemar J. Adams and Robert Collins, both Swedes, partners in a Swedish bookstore, to which Oerundel made many trips while under secret surveillance of government agents. When arraigned before a United States Commissioner they were held in \$2,500 bail, while Oerundel was held in \$3,500.

## NEW POSITION CREATED BY THE LOUISVILLE & NASHVILLE.

The Louisville & Nashville railroad has created a new office at Paris, that of Rule Clerk, to which Mr. Jos. Grosche, who has for years been one of the most faithful and efficient employees of the road in the Train Dispatcher's office, has been promoted.

The position in the train dispatching service made vacant by Mr. Grosche's promotion, will be filled temporarily by Mr. Thos. A. McDonald, of Paris, who has also been a member of the operating force in the local office.

We have heard the Dr. A. Reed Cushion Shoe called the "dry foot shoe." It's a good name but it only tells part of the story.

Look at the

## EXEMPTION BY CLASS PROPOSED IN NEXT DRAFT.

The general shortage of labor in industries that must be kept going at top speed if the United States is to throw its whole strength into the war, is giving considerable concern to government officials studying the situation. Conditions in some parts of the country already threaten production of essential materials.

Large government orders reaching into every branch of industry have stimulated business to an extent never before known. Coal mines are overtaxed and railroads cannot move the country's freight. Shipyards are preparing to turn out as much tonnage next year as was built in the last decade. Munitions factories are searching the country for men.

The first army draft took large numbers of men out of essential industries and the next, unless the present exemption policy is changed, will withdraw as many more. Officials are giving serious thought to a suggestion heard in many quarters that, in forming the next draft army, exemption be applied to industries instead of individuals. Under the law as it now stands there is no provision for the exemption of classes.

Officials believe that if a general exemption policy is not enforced it will become necessary to remove men from the non-essential industries to those which must be maintained during the war.

Suggestions of conscription of labor for employment in industries have not been considered seriously, although it is likely that men may be asked to volunteer for selected work, such as the cutting of spruce timber in the West for the manufacture of aircraft.

## UNCLE SAM NEEDS STENOGRAPHERS AND TYPEWRITERS.

Now that Uncle Sam has the young men of the country in training for military service, he finds that he needs 10,000 typewriter operators and stenographers and typewriters, both men and women, for the Departments at Washington. The Civil Service Commission has notified all of its 3,000 boards of examiners that they should put forth their best efforts to secure these urgently needed workers. While examinations are now held weekly in 450 cities, the Commission states that arrangements will be made to have an examination held at any accessible place where a small class of applicants can be secured.

The entrance salaries range from \$1,000 to \$1,200 a year. Promotions are reasonably rapid to those whose services prove satisfactory. No appointments can be made to these or other positions in the Federal classified service unless authorized by the Civil Service Commission under the civil service law. Any information to the contrary is unauthorized. This is a splendid opportunity to serve your country. Full information may be secured from the secretary of the board of civil service examiners at the Paris postoffice. Examination to be held in Paris, November 2.

## AUTO LICENSES GRANTED.

The following auto license numbers were issued last week from the office of the Commissioner of Motor Vehicles at Frankfort, to Paris and Bourbon county owners:

Nannie C. Wallis, Paris, Buick, 39868; A. W. Plummer, Paris, Overland, 39940; J. T. Osborne, Paris, Ford, 39952; Lusk & Shea, Paris, Ford, 39956; T. H. Talbott, Paris, Studebaker, 40009; S. J. Oldson, North Middletown, Ford, 40060; D. W. Estill, Paris, Ford, 40061; Lee R. Cravens, Paris, Ford, 50064; G. W. Wagner, Paris, 40092.

## 1917-1918 OVERCOATS.

Belters, trench models, ulsters—any sort of overcoat you prefer—we have. \$15 to \$60. J. W. DAVIS & CO.

## ALLEGED FORGER CAPTURED.

Chief of Police Link returned Sunday night from Cincinnati, having in charge James Vice, member of a prominent Nicholas county family whom he arrested on a charge of forgery.

Vice is alleged to have forged a check for a small sum on Mr. Ben Buckner, manager of the Xalapa Farm, and eluded capture, after the forgery had been discovered and the police notified. Chief of Police Link learned Saturday that Vice was in Cincinnati, and communicated with the Cincinnati police, who found Vice and placed him under arrest. Vice was around Paris for quite a while and gave the impression of being a rounder.

## WANT PRESIDENT TO VISIT THE WAR ZONE.

An Associated Press cablegram from Paris, France, says: "The suggestion that President Wilson visit Europe is made by The Information in a leading editorial. It says the Allies need the President's counsel, that his influence would be powerful in establishing unity in regard to democratic ideals, and that such a visit would be of advantage also to America."

## CITIZENS TO VOTE ON WATER CONTRACT AND BOND ISSUE

According to an ordinance passed at the recent meeting of the Paris City Council, the citizens of Paris will vote on Tuesday, November 6, on the city's proposed contract with the Paris Water Company, which is proposed to cover a period of twenty years.

It was also ordered that at the regular election to be held on the same day the question of issuing bonds in the sum of \$20,000 be submitted to the qualified voters of the city for the purpose of constructing a sewer beginning at Stoner avenue, and continuing through the eastern part of the city to Twentieth and South Main street.

The Council also ordered the amendment of an ordinance which was passed on June 14, providing for the issuing of bonds of the city of Paris in the sum of \$46,000, the amendment authorizing and directing the preparation of these bonds. The original issue was made for the purpose of making needed repairs and additions to the Paris Public School building. The amendment was made possible by the decision of the Court of Appeals declaring the validity of these bonds, and the election carrying same. The bonds are to be of the denomination of \$500 each, to be dated July 1, 1917, numbered from one to ninety-two, the last one to mature on November 1, 1936, and bearing interest at five per cent., payable semi-annually.

## TOBACCO SALES TO OPEN IN A FEW WEEKS.

It will be only a short time now until the tobacco sales will open in Kentucky, and every indication points to the fact that extra good prices will be paid for all grades of the weed this year. Practically all the tobacco grown in this county will be sold on the floors of the two Paris warehouses, the Bourbon and the New Independent, as they will offer just as many good advantages in prices and house accommodations as any other house in the State.

The crop in this county will be a large one, and of superior quality, according to the best information available from well-posted men in the business, and it will put many dollars in the pockets of the growers, dealers and tenants, as well. Speculators have been through the county, but it seems that they have not been very successful, it appearing that the growers prefer to take their chances on a rising market at the local houses. A lot of the crop in this county has been safely housed, and from now on the curing process will be the next step, followed by preparation of the weed for the market.

## THE WEATHER.

Forecast for week beginning Sunday, Oct. 14, is as follows: For Ohio Valley and Tennessee: Fair, except occasional showers about Tuesday and Friday. Temperature somewhat above the average.

The coldest weather of the early fall in this section was recorded Friday morning, when, following a steady downpour of rain on Thursday night, the thermometer registered 32 degrees, with a chilling wind blowing and the overcast skies giving fair promise of snow. Early risers report snow flurries Friday morning, lasting but a few seconds. The housewives were white with frost, the heaviest of the season. The temperature took an upward tendency Sunday and yesterday, both days being considerably warmer.

## REAL ESTATE DEALS.

The one-story frame cottage on Nineteenth street, belonging to Miss Hazel Overby, was sold last week through the Paris Realty Co. to Mrs. Emma Fisher, of Paris, for a price said to have been about \$2,100. Miss Overby will move to Cincinnati to reside with her father, Mr. W. T. Overby, who is engaged in the tobacco business there.

Mr. John Merringer purchased the Anderson property, a two-story brick business house on Main street, occupied by Mr. Albert Anthony as a neat market, which was offered at public sale Saturday, the sale being cried by Auctioneer George D. Speakes. Mr. Ossian Edwards was agent for the property.

Col. Dan L. Moore, of Mercer county, brother-in-law of Mr. Charlton Alexander, of Paris, purchased of Mr. T. R. Graft, of Mississippi 1,200 acres of land near Rolling Fork, Miss., for \$55,000 cash.

Mr. Charles P. Mann, of the Paris Realty Co., sold yesterday to Mr. Thos. Henry Clay, Jr., his farm of 27 1/4 acres, near Stony Point. Mr. Clay will add the farm to his Stony Point estate.

## WE KNOW HOW.

## FOOD PLEDGE WEEK IS PUT OFF UNTIL OCT. 28.

In compliance with a request from President Wilson, Food Pledge Week, set for October 21 to 27, has been deferred a week to avoid a conflict with the closing week of the Liberty Loan campaign. In his letter to the Food Administrator, the President pointed out that it would be highly undesirable to have the two great movements under way at the same time.

## EDITORIAL MUSINGS.

### Road Maintenance.

In but few, if any, of the counties in Kentucky is found sufficient means in the road fund to properly maintain the highways thereof. The State Road Department is calling attention to an act passed by the extraordinary session of the Legislature of 1917, empowering the Fiscal Courts to call special elections for voting on the question of raising funds for road and bridge maintenance purposes, up to 20 cents on the \$100, for a period not exceeding ten years. By this means no road indebtedness is created or left over against the county at the end of the year, as the law provides that only such amount raised yearly can or shall be expended during that period.  
The maintenance of the highways, after we get them, is almost as vital, it not more so, as their establishment and construction at the outset. A "big noise" is being raised in every county for better maintenance. It is impossible for the Fiscal Courts to properly comply with the present means furnished them. It is up to the people to say by their votes if they desire these improvements carried forward.  
Owing to changed conditions and the great increase in travel and traffic during the past few years especially in automobiles and auto-trucks, the cost of maintenance of our highways has more than doubled and since old high cost of living is with us the costs are yet on the upgrade.  
This is a matter which every citizen should take to heart and study thoroughly and with care.

### Relating to Suspicion.

The people of this country will have to place a close watch on their feelings in the days that are before us. We are a complex people, made up of a mixture of many races. Across the waters our kinsmen are engaged in deadly conflict, and we have ranged ourselves on the side of one group and against another. But the blood of those others flows largely in the national veins. It is this fact that should cause us to watch carefully that there grow not up in our blood—enemy blood, if you so term it.  
There are and will be spies—many of them. There are and will be traitors—let us hope few of these. But it is we are always watching for spies and traitors we will create an atmosphere that will work more injury to our national life than all of the machinations of all of the spies and

traitors combined could possibly accomplish.  
The good old rule that every man is a gentleman until he is proven otherwise should govern our actions now. When by his actions he proves himself otherwise, then will be time enough to condemn him.  
It is a noteworthy fact that the man who is always looking for faults in others can find them, even where they do not exist, and constant suspicion can and will tend to distort perfect innocent actions into grave offenses.  
Our best course is to leave to government officials the work of bringing spies and traitors to justice. Our individual interference might have a tendency to muddy the waters.

### "Sisters of Good Cheer."

Members of the Fourth South Dakota Infantry, in training at Charlotte, S. C., and the First South Dakota Cavalry, at Deming, N. M., will receive news from home, magazines, tobacco and other things, to break the monotony and loneliness in camp, through the efforts of the United States Army Sisters of Cheer, an organization of South Dakota young women, who have pledged themselves to aid in making the life of the soldiers from their home State as cheerful as possible. The organization, which originally was formed in Sioux Falls, with the assistance of a Sioux Falls newspaper, and now has chapters in every county in that State which has boys in the former South Dakota National Guard, resembles the Loyal Girls of America, a Chicago organization, in so far as the object is concerned. But the Sisters of Cheer will communicate only with home State boys, while the Chicago organization furnishes names of men in the United States army and navy to whom those desiring can write.  
Each member of the Sisters of Cheer Society has been given the name of some South Dakotan with one of the two regiments with whom she will communicate and inquire as to the things at home in which he is interested; the magazines he enjoys reading, if he smokes and the brand of tobacco he prefers and with what portion of the world's news he is especially eager to keep in touch.

### CALUMET BAKING POWDER CO. TO GIVE LIBERTY BONDS.

The Calumet Baking Powder Company of Chicago are staunch supporters of the policy of liberally rewarding the efforts of their salesmen. Each year—for years—they have given valuable prizes to salesmen securing the greatest volume of business.

This year they will distribute more than \$10,000 in Liberty Bonds among their high record salesmen.

This is a splendid idea—a plan that is worthy of the heartiest commendation and one that should be employed by other concerns who wish to contribute to the "Nation's fighting fund."

The giving away of prizes in the form of Liberty Bonds was prompted by a spirit of loyalty to employees and patriotic duty to country. It answers the call of "conservation"—without depriving salesmen of awards to which conscientious selling endeavor is entitled. It will aid the nation in time of need and at the same time prove prizes of real worth and ones of which Calumet salesmen will feel justly proud.

How much better this—than the awarding of the usual prize "trinkets"—than the handing out of awards that benefit only the recipients.  
It is a patriotic merchandising move. It is certain to stimulate the sale of Calumet Baking Powder—because housewives of America are bound to buy a product of the superior quality of Calumet Baking Powder—especially when they learn that money spent for Calumet means money saved for them and a boost to the distribution of Liberty Bonds.

It will enthrall Calumet salesmen. It will tie the spur of patriotism to excel in salesmanship and finally—it adds more proof to the often proved fact that the Calumet Baking Powder Company are ever on the alert to serve their employees—their millions of customers and the country in general in the fairest possible manner.

### THE NOVEMBER AMERICAN MAGAZINE.

The first installment of Bruce Barton's new serial, "The Making of George Groton," begins in the November American Magazine. B. C. Forbes tells how Daniel Willard, the great railroad man, got himself out of a rut; "How to Cut Down Your Coal Bill" will help you to do so; "New York," by George M. Cohan, is the first of the series "The Flavor of the Cities;" and "Why I Believe in a Future Life," "When Money Began to Come Easy," and "Have You Some Imaginary Troubles?" round out a series of excellent articles.

"The Story of My Life" is about and by Elsie Janis, the famous mimic; there are some fine stories by such well-known writers as Jack Lait, David Grayson, H. C. Witwer, William Dudley Pelley, and the conclusion of "Fanny Herself" is printed. The Interesting People's department and the Family Money are up to their usual high standard.

### IN THE HEAT.

Col. Roosevelt told at the Plattsburg training camp a hot-weather story.  
"To-day," he began, "is like the day when the Major said to the Colonel:  
"Colonel, I bet I've sweat twenty-four gallons this afternoon."  
"Major, said the Colonel, 'gentlemen don't sweat—they perspire. Horses sweat, sir.'  
"Then, by gum, Colonel, said the Major, 'I'm a horse.'"

### MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED.

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

### TOBACCO BRINGING FANCY PRICES.

(Grant County News.)  
Thirty dollars per hundred pounds, the highest price on record so far as this county is concerned, was paid for a crop of tobacco recently, when R. P. Conrad, of the Baton Rouge pike, sold to Leo Aswerus, a Dry Ridge speculator, his crop, estimated at between 10,000 and 12,000 pounds. There is about seven acres of the crop. Mr. Conrad says, and people who have seen it pronounce it about the best in the entire county. The tobacco was grown on bluegrass sod land and that part of it which is not already housed is ready for the knife, so it is practically out of danger from frost.

Mr. Conrad estimates that his crop will average 1,500 pounds to the acre, and if it does it will bring him the tidy sum of \$450 per acre, which will no doubt break all records for a crop of tobacco raised on Grant county land.

### SOUR STOMACH.

Eat slowly; masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

### GENTLEMAN AND SCHOLAR.

All doubt about the future political intentions of Edwin P. Morrow, of Somerset, Republican candidate for Governor in 1915, have been set at rest by Mr. Morrow himself. Although he has been frequently mentioned as an aspirant for United States Senator or Congressman, Mr. Morrow while in Louisville stated that he had not the slightest idea of running for anything except the Republican nomination for governor again in 1919.

### CROUP.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

Col. McLemore Author of "First to Fight" Slogan

Few military men in the United States have been able to accomplish more than Col. Albert S. McLemore as a recruiting officer, without outside assistance. It was Col. McLemore who, as director of the recruiting for the Marine Corps, conceived the famous slogan, "First to Fight," which has won men to this branch of the service throughout the country. The strength of the Marine Corps has been trebled since Col. McLemore began the recruiting campaign. He is a firm believer in advertising and publicity. Many of his ideas have been carried into effect in the posters displayed at recruiting stations.

### Home For Sale Privately

On account of Mr. Napier's passenger run being changed from Paris to Lexington and Cincinnati necessitating a removal to Lexington, I desire to dispose of my residence at the corner of Main and Second streets, in Paris, at private sale.

This is a substantial brick house, two-stories, has six large rooms; sleeping porch; two concrete porches; large garden and poultry yard; side and front yard. It is a first-class home and will be a bargain for the purchaser. It is in first-class shape. An inspection of the house and premises is invited.

MRS. JESSE S. NAPIER,  
(4-t) 128 Main Street.

### To The Public!

The merchants of Paris recently signed agreements to close their stores as follows: Grocery stores at 7 p. m. and Saturdays 11 p. m. Other lines of business at 5 p. m., excepting Saturdays. Some of our merchants are doing all they can to live up to their agreement, while others find all kind of excuses to extend the time of closing. One of their main excuses has been that customers will delay their purchases to the last minute, and by entering stores at the closing hour make it difficult for merchants to close their stores as agreed upon.

The Merchants Protective Association of Bourbon County at its last meeting directed by an unanimous vote that the undersigned make an urgent appeal to the public to kindly assist the merchants by making all their purchases so as not to conflict with this closing arrangement.

There must be reason in all things. A business or household conducted without order and system cannot bring complete success. Remember success does not mean money alone—but also means "Happiness, Harmony and Good Health."

The mechanic and ordinary day laborer will not work over 10 or 8 hours per day. This you will agree is exactly right. But why then should we expect a merchant to work from 6 a. m. to 10 or even 12 p. m., or from 12 to 18 hours per day?

The merchant desires good health and wants to live as long as others. He wants to enjoy the company of his wife and children at evening during the week as well as only on Sundays. Two hours extra rest each day means all this for him and better service for you on the next day. No doubt you believe this is right and are willing to grant him and his clerks and porters this necessary rest. Then why not help him to live up to his pledge and make your purchases accordingly?

To those merchants who have so far failed to close their stores as promptly as they agreed, we appeal again, "For the good of all, as well as your own welfare, let us stand together and work like one man."

To those merchants who so far have failed to fall in line on the closing agreement, we extend an earnest appeal to "Come and work together with us for a common cause," and to the public we appeal for their encouragement and co-operation in this movement, because we believe it right.

### THE NOVEMBER WOMAN'S HOME COMPANION.

The November Woman's Home Companion has stories and articles this month which are up to the general standard of excellence. Alice Brown, the famous New England authoress, contributes "An Old Debt." Mary Wilkins Freeman has "Thanksgiving Crossroads." "Are You Eating Sea Food?" is an amazing article about new kinds of fish in the sea which can be eaten; Albert W. Atwood writes on "Your Money in War Time." "Voluntary Rationing" tells us what England is doing about food, and May Stanley writes of Galli-Curci, the new opera star.

"Soldiers All," "Treasure and Trinket Fund," "The Tower Room," "Better Babies" and all the other departments are filled with interesting and helpful things. The fashions, picture section, cooking hints, and many other helpful suggestions make this issue an excellent one.

#### VOTES FOR WOMEN.

Dan Bowmar says in the Versailles Sun that the following was told him as having actually taken place at a voting precinct in Fayette county:

A negro woman appeared and stated that she desired to vote for Mrs. Faulconer for the Democratic nomination for School Superintendent.

"Have you ever voted before?" asked one of the officers of election.

"No, sah, dis is de first time."

"Well, do you promise to support the nominee, whoever it is?"

"No, 'deed, I don't; I hab a hard enough time suppo'tin' myself."

#### OVERDOING A GOOD THING

(Washington Star.)

Food Director Hoover said at a reception: "We mustn't have too many food rules. They're a good thing in moderation, but too much of a good thing you know."

He smiled and shrugged his shoulders.

"Too much of the best of things is bad. A war profiteer visited a sculptor and said:

"What's the very finest statue in the universe?"

"The Venus de Medici, undoubtedly," the sculptor answered.

"Well, put me down for five dozen de Medici's, then," said the millionaire. "I want 'em to trim up the front lawn of that eight-room marble

### A CORKING "FISH STORY."

Mr. Thos. W. Keller, a local employee of the Louisville & Nashville railroad, is known as a good storyteller, and always has a fund of "good ones" on hand. His long residence in Harrison county has enabled him to store up an interesting bunch of fish stories, and other, too. But now the Cynthiana Democrat comes to the front with one that will put Mr. Keller to a severe test to beat. The story is as follows:

"Friday last Mr. Holton Richer, of this city, one of Cynthiana's crack fishermen, caught a bass that weighed a pound and a half, in South Licking River, a short distance below the A. Keller dam. While coming across the Lebus land to town with the fish on a string, Holton, who was accompanied by Mr. Will Hawk, saw a strange-looking object in the fish's mouth. It had a tiny head, closed eyes, and tiny ears, with much the appearance of a baby's face. Mr. Richer pulled the object from the fish's mouth, and it was found to be a baby squirrel. It was about an inch and a half long and a little thicker than a man's finger. When the bass was caught it had a swollen appearance as if filled with eggs. Now, of course, the question is, did the bass climb a tree and catch the squirrel or did the squirrel fall from a nest in a tree overhanging the river?"

#### PLENTY OF PROOF

From People You Know—From Paris Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Paris, of people who can be seen at any time. Read the following case of it: J. W. Larkin, retired farmer, 431 High street, Paris, says: "I am only too glad to recommend Doan's Kidney Pills, because I have at times had quite a bit of trouble with my back. Often I have had a dreadful ache across my kidneys and the kidney secretions have been too frequent in passage. A box or so of Doan's Kidney Pills at these times have never failed to cure me of an attack."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Larkin had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

#### PRESS AGENT IS AT WORK.

(Farm and Family.)

Quite a few new stories are going the rounds these days concerning a new wheat which will yield four times as much grain per acre as ordinary seed. These new stories explain quite carefully that Luther Burbank, the celebrated plant wizard, is the originator of this wonderful seed wheat. It might be well to suggest that no one has yet seen any authorized statement from Luther Burbank himself. If Mr. Burbank has really produced such a variety of wheat it is rather queer that he has not told the public about it.

It would be well for the farmer to take such stories with a very generous pinch of salt, as many wonderful wheats have been advertised extensively and sold to the unsuspecting farmers at good prices. Many of the older farmers will recall Marvellous, Miracle, Wonder and other wheats which were certain to revolutionize the wheat production of the world. They will also remember Egyptian wheat, the original seed of which had been found in the wrappings of mummies deep in the pyramids of the Delta of the Nile. All of these much exploited wheats failed and were fakes pure and simple. If the farmer really wishes to experiment a little with any of these advertised, four-times-as-prolific wheat let him sow an acre and then sow all of the remainder of his good land in carefully cleaned common seed wheat.

A Kentucky division is carrying flowers to deck the Kaiser's grave. Why not use them to remember his victims and strive to forget his memory as quickly as possible?—Springfield (O.) Sun.

## The Wool Dress Goods Bargain Sale

At Wolf, Wile & Company's

It Sounds Improbable and Contrary to the Well Known Tendency to High Prices. A Statement in Full Accordance with the Facts.

Woolen dress materials for men and ladies wear, owing to Government orders given to woolen manufacturers, the high price of raw wool, the increase in the cost of skilled labor, have been soaring skyward in value since the Fall Season of 1915. It is no exaggeration to state that woolen materials have advanced averagely 80 per cent, but a great many of the most desirable dress materials have risen 150 per cent above the cost in the Spring of 1916.

This sudden increase in the cost of these materials has been discouraging to the retail trade and in consequence woolen goods have not moved in the usual manner, leaving us somewhat heavily stocked in this particular department.

We Are Going to Stimulate the Woolen Dress Goods Business.

We have assembled and are displaying for one week from Monday, October 15th, on a Sales Counter, a collection of woolen dress materials, 48 to 54 inches in width, heavy, medium and light weight weaves, dark, medium and evening shades, usable for dresses, suits, coats, skirts, dress waists, evening wraps and party costumes. The prices up to this day on all these have been \$2.00 to \$4.00 per yard. Our offer for one week is, for your choice, per yard.....\$1.50

### Conduct of Sale.

These offerings consist of single dress suit or skirt lengths, also larger pieces, of which any desirable quantity may be had.

Every sale made out of this collection is absolute, there will be no sending on approval, or returning for exchange, money refunded or credit on account.

We anticipate an unprecedented rush for these bargains, therefore the purchases made by our customers must be unconditional.

NO SAMPLES WILL BE CUT.

# NEWS OF WOMEN'S WORK INTERESTING TO CLUB WOMEN.

Women! Help America's sons with the war!

Buy U. S. Government Bonds in the second Liberty Loan of 1917!

"Shall we be more tender with our dollars than with our sons?"

The Missionary Society of the Methodist church will meet at 2.30 o'clock this (Tuesday) afternoon. The young ladies of the Society will have charge of the program.

All ladies who are willing to give part of their time towards soliciting subscriptions to the U. S. Government Bonds of the second Liberty Loan, are requested to meet in the Red Cross rooms at the court house at 2 o'clock Wednesday afternoon, Oct. 17th, and every afternoon at the same hour until Oct. 27, on which date the subscriptions close. (2t)

The regular meeting of the Progressive Culture Club will be held to-morrow (Wednesday) afternoon at the club rooms, Mrs. Frank O'Neill's, corner of High and Ninth streets. The subject for study will be, "The Madonnas" in the art study series. The responses will be as follows: Sistine Madonna of the Chair (Raphael) Miss Clara Bacon; "Immaculate Conception" (Murillo) Mrs. Tucker; "Holy Night" (Correggio) Mrs. T. A. Hendricks.

The Red Cross is undertaking to make the regulation flannel army shirts. These are splendid garments, and are greatly needed by the government, as it is impossible so far to equip the soldiers with the amount of clothing they need. The government pays about 45c for making each shirt, and the money raised thus will be used by the local chapter to help buy blankets for the two Bourbon county nurses with Dr. Barrow's unit, Miss Mary K. Stone and Miss Minnie Robinson.

Every now and then in a women's organization some woman is heard to complain, "The women have everything to do; what would this church, or this society, or this organization, whatever it happens to be, do without the women? Why don't the men do something?"

Well, the men have always done something, and just recently in Paris a something that means much to the two organizations that will reap the benefit, namely the decision on the part of the local tobacco warehouses to share their profits with the Red Cross and the Health and Welfare League. The Directors of the Independent Warehouse voted to give one-fourth of the commission on the first day's sale to the Red Cross, one-fourth to the Health and

Welfare League, and one-half to the Boys in France Tobacco Fund.

The directors of the Bourbon Warehouse decided to divide their commission into thirds, thus making our home organization share equally with the Red Cross and the Boys in France.

So the women wish to make public recognition of the generosity and consideration of these patriotic gentlemen, and give them the thanks and appreciation they deserve. They should certainly be encouraged to continue in the splendid way they have begun, and we can only say with the greatest admiration and enthusiasm, "Well done, gentlemen; go do it again."

## THE GEORGETOWN GAME.

On a field better fitted for a mud battle than for an exhibition of the manly art of football, Paris High School and Georgetown High School engaged in a punting duel, Friday, at Georgetown, Burnett using his toe to good effect.

Owing to superior weight of the Georgetown line, their team rushed the pigskin for near-touchdowns (near-touchdowns, mark ye), for as soon as P. H. S. got the ball, Burnett would punt for good distances. Finding line bucks would never land the oval over the goal line, Georgetown tried a trick play. Under cover of this camouflage our opponents carried the ball to within a few yards of the goal, being forced to yield the desired pigskin to the Bourbon county eleven on four downs.

However, this gain was the big factor in winning the game for Georgetown High, (for won it was by the Scott county lads) since they secured 4 points on a drop kick.

Well, (but at the admonition of Miss Lockhart we strike out the "superfluous well") P. H. S. has gone over the top 3 times and has been downed as many times. But an old axiom is to the effect (as we believe) that you can't monkey with gun powder. So watch, watch appointments, we're headed your way. \*\*\*

## AUTO SALES REPORTED.

## MATRIMONIAL.

### COLLINS—COLLINS.

The marriage of Mr. Fisher Collins, 25, son of Mr. George Collins, of Paris, and Miss Mary Elizabeth Collins, of Headquarters, Nicholas county, was solemnized at the home of the officiating minister, Rev. Crates, in Carlisle, Friday. The bride is a daughter of Mr. Jas. Collins, of Headquarters, and has been a frequent visitor in Paris.

### CRUTCHFIELD—COLLINS.

Eld. W. E. Ellis performed the marriage ceremony Thursday night at his residence, corner of Main and Tenth streets, uniting Miss Freida Crutchfield, of Lexington and Mr. Thos. E. Collins, of Ludlow. The couple came to Paris, Thursday afternoon, and secured license from County Clerk Pearce Paton. They left for Ludlow after the ceremony, where they will reside.

### SEARS—FINNELL.

The marriage of Miss Ray Sears, of Fayette county, and Mr. Ishmael Finnell, of near Clintonville, was solemnized last week at the home of the bride's sister, Mrs. W. S. Finnell, on the Maysville pike, near Lexington, the ceremony being performed by Rev. I. M. Walker, pastor of the Felix Memorial church in Lexington.

The bride is the attractive young daughter of Mr. and Mrs. John Sears, of Muir. The groom is a son of Mr. and Mrs. John Finnell, of Fayette county.

After the ceremony Mr. and Mrs. Finnell left for a short trip, and upon their return they will reside on the groom's farm, near Clintonville.

### SONS—DOTSON.

The marriage of Miss Sadie Sons, of Fleming county, and Mr. Robert Dotson, of this county, was solemnized at six o'clock Saturday evening at his residence of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church.

The bride is a former resident of Bourbon county, having for some years been teacher of the Bethlehem school, near Paris, and residing at Austerlitz. She was for a time a valued correspondent for THE NEWS from Austerlitz, and was a social favorite in her vicinity. The groom is a son of Mr. and Mrs. John Dotson, of near North Middletown. He has just returned from Canada, where he had spent the spring and summer on the big ranch of E. F. Spears & Sons, of Paris.

### BARTLETT—HUTCHCRAFT.

Paris relatives and friends of the groom have received cards announcing the marriage, on September 16, at Clearwater, Florida, of Capt. Davis Hutchcraft, son of Mr. and Mrs. J. Perry Hutchcraft, of Paris,

to Miss Olive Bartlett, of Tampa, Florida.

The date of the wedding had been set for later in the fall, but owing to the fact that Capt. Hutchcraft had been called to join his company at Camp Jackson S. C., the date was advanced. Capt. Hutchcraft was selected from among a large number of recruits in the Florida State Guard, to take charge of the enlisted men who were to form a part of the Florida regiment at the Southern training camp.

The groom is well-known in newspaper circles, having been on the reportorial staff of the Louisville Courier-Journal, later on with the Frankfort State Journal. After leaving Frankfort, he went to Florida, where he was at once taken on the Tampa Times, one of the leading Florida dailies. There he "made good." It was while in the service of the Times that he was selected to go to Camp Jackson. The bride is a member of one of the old Florida families, and a most charming young woman.

Conditional upon receiving a furlough Capt. Hutchcraft and his bride will come to Paris to spend the Thanksgiving holidays with his parents and relatives. THE NEWS extends hearty congratulations and best wishes to Capt. and Mrs. Hutchcraft.

## K. OF P. TO KEEP MEMBERS IN GOOD STANDING.

At a recent meeting of Rathbone Lodge, Knights of Pythias, a resolution was adopted to keep all members in good standing who are enlisted or who do enlist in the future in the U. S. Army.

Knight P. J. McCord was elected to fill the three-year-term as Trustee, in place of Knight P. A. Thompson, who is a member of the Officers' Reserve Corps in training at Ft. Benj. Harrison.

# IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR ACID STOMACH

The Moment "Pape's Diapepsin"  
Reaches the Stomach All  
Distress Goes.

"Really does" put upset stomach in order—really does—overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmless-ness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world. (adv)

## HOW SUCCESS AT 25 AND 50 DIFFER.

A woman writes to the American Magazine and says, in the October issue:

"Success at twenty-five and success at fifty make different demands. In a few months I am going to marry a man I met in college, a sanitary engineer, now with a State Board of Health. His salary is just twelve hundred dollars a year, yet that means happiness to us. At twenty-five he has three degrees, and the fact that he was chosen for this work means the beginning of success to us, too. It is enough to live on while he is proving his theories of public health, and it gives him an opportunity for original work. But if five years from now he has the same salary (only he will not!) and his work has not been recognized, we will not think of twelve hundred dollars in the same way."

## CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE.

After many years' experience in the use of it and other medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirs-tein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

## WAR SERVICE COMMITTEES ASKED IN ALL INDUSTRIES

A general call on American business to form war service committees in every branch of industry to cooperate with the government has been made by the Chamber of Commerce of the United States. The committees will absorb the functions of the Industries Committees of the Council of National Defense.

The war service committees will deal directly with the defense council's War Industry Board now investigating government purchases. They will assist in apportioning government orders and will aid in determining priority matters.

## MRS. SMITH RECOMMENDS CHAM- BERLAIN'S TABLETS.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

# EVENING GOWNS ACCEPT THE REIGN OF SIMPLICITY

## MILADY'S SLIPPER FOLLOWS SUIT.

NEW YORK, Oct. 11. The question of evening dress, the "to be or not to be" of the decolete, seems to have been decided. The optimistic spirit of America has prevailed, and while there is not the same gorgeous display as in the past, evening clothes are worn, and rarely beautiful ones at that. The President of the United States paid a visit to New York not long ago, and, together with Mrs. Wilson, passed an evening at one of the most enjoyable plays of the season. Of course, the house was wildly enthusiastic; it was some time before the play could begin, and even then the audience paid more attention to the official box-party than to the play.

A Victory on Empire Lines

Mrs. Wilson was very simply dressed, but she seemed immensely interested in bustle dresses on the stage and the costumes scattered everywhere over the house.

Picturesque, indeed, are the compromises effected by fashion. The dresses are in the same wonderful tints and colors that have always been favorites perhaps though a trifle subdued. Some are high in the back, square or round in front, with long sleeves of tulle or very short ones of the same material as the bodice or the overskirt. The waist that is cut straight across from shoulder to shoulder is very popular this year, for it gives the effect of a higher neck.

## Simplicity and Lack of Trimming

There is very little trimming on the new models. They seem to rely to a great extent on their line and color, and charming indeed is the result. One of the most attractive of the new modes in evening gowns is illustrated here. It is of rose-colored satin, bodice and skirt, with a filmy overskirt of tulle or soft mist-gray chiffon, stitched on the lower edge with rose-colored silk in the long, loose stitch which makes such a fascinating trimming. The collar and the short sleeves of the chiffon are stitched in the same manner.

## Good Taste in Slippers

Just a word here about the slippers for evening, and the difference between those in good taste and those that are just a trifle too ornate and overtrimmed. Life has invented a new word, the verb "to hoove," meaning to conserve, and it is now being widely used. One must "hoove" one's food, of course, and equally, of course, one must "hoove" one's trimmings on every article of one's dress. Slippers that are good form are very plain, indeed. The long vamp is still with us; heels do not seem to be quite so high as formerly, for they, too, have been "hooved." One's food, of course, and the dress, is the first choice. A rhinestone buckle placed high on the slipper is very fashionable. Then one of the latest ideas in slipper decoration is a tiny bow of satin, a single bow of ribbon a quarter of an inch wide, perhaps. Many of the fall brides have chosen this for their wedding slippers. It gives the foot the long, narrow effect that is so distinctive. Slippers of brocade, of metal cloth, or of combinations of plain and figured materials are worn only on the most formal occasions. Indeed, the all-black or all-white slipper is always appropriate and in good taste. Stockings must, of course, match the costume and the slipper.

## Fashions That Flatter

Every woman, no matter what her age, size or coloring, has a secret thrill and new hope each time she buys or plans a frock. Perhaps, now, she will attain that degree of perfection which she desires, and with the aid of the Fairy New Dress, show to the world that she is ever young and fair! With care and deep consideration she can do this, for there are fashions that flatter, fashions that create around one the atmosphere of charm and romance. The surplice style is one of these, and the evening dress illustrated here shows a rare combination of beauty and style. The

# Tackling Dummy at Opening Practice of Freshmen Football Squad at Harvard

Although football probably will not be as popular a sport this year as in the past at many of the universities of the United States, Harvard freshmen have already begun practice in contemplation of an active season. A squad of men has been learning the rudiments of the game under the expert instruction of former stars of the gridiron for the past fortnight, and there is every prospect that a fast and powerful team will be developed. The accompanying picture shows the men tackling the dummy. The art of tackling is one of the first things a prospective player must master, for the opposing player with the ball must be downed, and the only legitimate way to get him there is by tackling him. The Harvard freshmen have many important contests to play this season.

tie-on waist and the shaped tunic are of champagne-colored taffeta, and the lace of the rest of the dress is cream-colored. One unusual feature is the sleeve-puff of lace bound in the taffeta.

## Airy Fairy Accessories

All the glow and glitter of the time o' day when fireflies and other lights are bright are contained in the accessories for the evening costume. There are scarfs dripping with scin-

tilating beads, combs and fans on fire with flashing lights, rhinestone buckles on slippers, and precious jewels on white hands and arms. There is not the overloading of fingers with rings nor the many chains and neck ornaments as formerly. This year the woman of good taste prefers one perfect thing, be it ring, brooch or bracelet, to the dozen of small odds and ends of yester year. All of which goes to make up the overwhelming beauty of any gathering where fashion and patriotism work hand in hand.

## LIFT YOUR CORNS OFF WITH FINGERS.

Tells How to Loosen a Tender Corn or Callous So It Lifts Out Without Pain.

You reckless men and women who are pestered with corns and who have at least one a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called Freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of Freezone will cost very little at any drug store, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any Freezone he can get it at any wholesale drug house for you. (adv)

## GOODRICH EXPERT TELLS OF RUBBER SHORTAGE IN GERMANY.

The only automobile in Germany running on pneumatic tires is Kaiser Wilhelm's. Even the Crown Prince is denied this luxury. Along with Von Hindenburg, Ludendorff, Von Mackensen and the other diadems in the German crown, the Crown Prince bumps along to the front on tires filled with rags, compressed cork and paper.

These observations form but a small part of the anthology of facts gathered by Victor Van der Linde, special technical representative of the B. F. Goodrich Rubber Company of Akron, who just returned from Europe after long study of tire conditions abroad. In some countries tires are not to be had at all, except at a fabulous price and only after a dozen or two high government officials have had one on the witness stand for weeks, literally speaking; gasoline is worth more than champagne and is obtainable only with government consent, and nine-tenths of the automobiles are not running.

PHILADELPHIA CORPORATION  
WILL BUILD SHELBY-  
VILLE LINE.

L. G. Smith, vice president of the Shelbyville & Frankfort Realty Company, has received a letter from P. C. Philipp, of Philadelphia, advising he had succeeded in completing the organization of a corporation to construct the Shelbyville-Frankfort interurban line under the terms of the contract executed several days ago by him with the members of the realty company.

Under the contract entered into between Mr. Philipp and the Shelbyville & Frankfort Realty Company, work of the actual construction of the line is to begin by not later than March 1, 1918, and must be fully completed, equipped and in operation by January 1, 1920. Mr. Philipp stated he would return next week to close the final plans.

When completed the new interurban line will parallel the State pike midway between the Louisville & Nashville Railway Company tracks and the right of way of the Louisville Southern Railway Company. The new traction line will connect at Shelbyville with the Louisville & Interurban Company and at Frankfort with the Bluegrass Traction Company.

## THE MOTIVE POWER.

What is it keeps us at our toil and makes us dig and strain and mull, work hard by day and think at night of things undone or not done right? What is it holds us in the mill, and grinds and grinds on us until we're cracked and broke and crushed up fine? Why, it's those kids of yours and mine.

Why is it that we wear old shoes, and eat coarse grub, and have the blues when we see rainy days ahead? Why is it that for things we've said

or done we fret and grieve; and then resolve that we'll be better men, restrain our tempers, cease to cuss, and have the world look up to us? Why it's because two kids, or three, are fastened on to you and me.

Who is it gives us strength to strive, and makes us glad that we're alive, and when we fail inspires us then to set ourselves and cry again? Who is it keeps us young at heart and makes us feel ourselves a part of all life's hopes and joys, and brings us dreams of better days and things? Who still, when skies grow dark above, by word or look of faith or love, can flood our souls with bright sunshine? Why, those same kids of yours and mine.—E. E. Miller, in Southern Agriculturist.

LOOKING BACKWARD.  
(Hopkinsville New Era)

When Judge Bill Yost was here the other day somebody recalled an amusing incident of the examining trial in the noted Coffee murder case, in which the Madisonville attorney figured as one of the lawyers for the defense.

A large number of striking miners had been haled before the court, and Judge Polk Caniser was presiding.

After the evidence was in, the defense insisted on peremptory instructions.

"No," said his honor, "I think I'll just hold 'em all over."

Judge Yost sprang to his feet. "I demand," he shouted, "to know the charge. What possible legal reason have you, sir, to deprive these men of their liberty?"

"Well, as accessories to general running around," explained Judge Caniser.

"Great God!" ejaculated the lawyer, glowering down on the bench from his giant height. "What chance, then, would a hound dog have in this jurisdiction?"

Sentry, in Bold Silhouette Against  
Darkening Sky, Stands Guard at Camp

When the shadows of night creep over the hills, the soldier begins to feel the inspiring responsibility of his duty. Darkness brings its own dangers, and the "All's Well" of the sentry has deeper meaning. This striking picture snapped at nightfall shows an outpost at encampment "somewhere in the United States." He is patrolling near a company street, where the soldiers are preparing for "taps" and "lights out." The scene is typical of many camps at this time. The picture has been censored and passed by the Committee on Public Information.

### DEATHS.

#### JAMES.

Mrs. Jane James, aged seventy, mother of United States Senator Olie James and United States Marshal Edgar James, of the Western District of Kentucky, died at her home in Marion, Ky., after an illness of several months. In one of his political addresses United States Senator James eulogized his mother as one of the grandest women in the world, winding up by saying, "If my public and private life meets

with my mother's approval, I care not what may follow. Her good teachings and moral influences have made me more than her worshipper."

#### HENSON.

The funeral of Mr. Thomas Henson, aged about sixty-six, died at the home of his son-in-law, Mr. Ben Crowe, near Paris, Friday afternoon of paralysis, was held at the family home Saturday afternoon at one o'clock, with services conducted by Rev. W. A. Wolfe, pastor of the Christian church at Little Rock, this county. The burial followed in the North Middletown Cemetery.

Mr. Henson is survived by one daughter, Mrs. Ben Crowe, and two sons, Mr. John Henson, of Millersburg, and Mr. William Henson, of Plum Lick, near North Middletown.

#### LOOS.

The body of Prof. Chas. Louis Loos, for many years a prominent educator in Central Kentucky, who died in Dayton, O., was brought to Lexington for interment in the Lexington cemetery Friday. The body was taken to the home of his sister, Mrs. John M. Campbell, in Lexington, where services were held.

The body was accompanied to Lexington by his widow and daughter, Mrs. Kissinger. Prof. Loos had been a resident of Dayton for nearly forty years, before which he had taught in the colleges of Lexington. He was an able speaker, and has occupied the pulpit of the Christian Church, in this city, on many occasions in the absence of the regular pastor, the late Rev. J. S. Sweeney.

#### WARDLE.

Mr. John Wardle, aged sixty-six, a well-known resident of Lexington, died suddenly at his home in that city Thursday night, while seated at a table. He was a native of Lexington, being a son of Zachary Wardle, who was one of the pioneer residents of Lexington.

He is survived by three sons, John, Henry and George Wardle; three daughters, Mrs. Lizzie Crose and Mrs. Joe Hulett, of Lexington, and Mrs. Florence Cubbage, of Oklahoma; two brothers, William Wardle, of Bourbon county, and Whitney Wardle, of Woodford county; two sisters, Mrs. Ed. Preston, of Fort Spring, and Mrs. James White, of Lexington.

The Wardle family were residents of Paris for many years, living on South Main street, in the classic precincts that were known in those days as "Nixville." Whitney Wardle, one of the brothers, will be well remembered by the older residents of Paris, as a student at the old Paris City School, where he gained fame as an athlete and vocalist.

#### SMITH.

Mrs. W. Augustus Smith, aged eighty-three, died Saturday night at the home of her daughter, Mrs. T. B. Satterwhite, in Lexington. Mrs. Smith had been ill for about a week with pneumonia, but previous to that had been in excellent health.

Mrs. Smith was the mother of Mr. Roger Smith, of the Smith-Watkins-Darnaby Co., and John D. Smith, of Lexington; Thos. C. Smith, of Fayette county; Mrs. Satterwhite and Miss Belle Smith, of Lexington, and Mrs. Otis Bacon, of Wichita Falls, Texas. She was one of the oldest members of the Broadway Christian church, in Lexington. She was a native of Bourbon county, but had been living in Lexington for the past eighteen years.

The funeral was held at the home of Mr. and Mrs. Satterwhite, in Lexington, at two o'clock, yesterday afternoon, with services conducted by Rev. Mark Collis. The burial followed in the Lexington Cemetery. The pall-bearers were Isaac Wilcott, Charles Daranby, Ben Darnaby, John Carter, W. D. Watts, John Duvall, A. W. Skinner and Henry Staples.

#### EWALT.

The funeral of Mr. James Ewalt, of the Lexington Herald, who met death Saturday near Winchester, when the auto in which he was delivering the Herald to the L. &amp; N. train at Winchester, struck a rut in the pike, and turned over, killing him instantly, was held at the family residence in Lexington yesterday afternoon, at two o'clock, with services conducted by Rev. Clarence Walker. The burial followed in the Lexington Cemetery. The pall-bearers were his associates in the Lexington Herald office, T. J. Baker, W. A. Beatty, Raymond Redd, Charles Cosby, Victor Abnee and Maj. F. C. Leaming.

Mr. Ewalt was well-known in Paris. He was a member of the advertising force of the Herald, and in that capacity, had often visited Paris. He is survived by his wife, who was formerly Miss Rena Brown, of Cynthia, and twin daughters, Marguerite and Ruth, who are ten years old; his mother, Mrs. Sadie Ewalt, of New Jersey, two brothers, William Ewalt, of New Jersey, and Richard Ewalt, of Dallas, Texas, and two sisters, Mrs. H. S. Sanders and Mrs. Leon Adams, both of Dallas, Texas.

No cause for the accident in which Mr. Ewalt's machine turned over has yet been assigned. Undertaker Baker, of Lexington, who took charge of the remains at Winchester, stated that examination of the body showed that the neck was not broken, as had been stated, but that death was caused from internal injuries. Ewalt's chest having been crushed against the steering gear of the auto.

#### SHIPP.

The body of Mrs. Fannie Myers Shipp, who died at her home in Morgan, Ky., Sunday, will be brought to Paris on the 9:40 L. &amp; N. train this morning for interment in the Paris Cemetery. Services will be held at the residence at Morgan.

Mrs. Shipp was the widow of Mr. Jeffery Shipp, who died in Paris last November. After the death of her husband, she moved to Morgan, where she made her home to the time of her death. She is survived by two sisters, Mrs. Ida Myers Hukill, of Louisville, widow of the late Mr. Wm. Hukill, Jr., of Paris, and Mrs. Anna

Robertson, of Lexington, and one grandson, Mr. John D. Keller, of Morgan.

#### HANCOCK.

After a lingering illness, during which she bore her sufferings with a fortitude born of a spirit of true Christianity and resignation, Miss Edith Hancock, aged twenty-one, oldest daughter of Mr. and Mrs. Harry H. Hancock, died at the home of her parents, on Main street, at 8:30 o'clock, Sunday night. The end came peacefully, as her spirit winged its way from the troubled earth to the Better Land above.

Miss Hancock had been an invalid for several months, and for some time was in the Massie Memorial Hospital, where she underwent a slight operation. Her health failing she returned to the hospital, where she was a patient for several weeks, with typhoid fever, which became complicated with pneumonia, her death resulting from this complication.

Miss Hancock was one of the brightest and most lovely young women of Paris, her many graces of character making her a large circle of friends, who delighted in the warmth of her companionship. She was a member of the Methodist church, and an earnest worker in its societies, especially the Epworth League, in which she delighted to be associated. She was a graduate of the Paris High School and was one of the most devoted of its alumni. Her future was full of promise. She was in the happiest part of her life, the time when youth is standing at the half-opened door that leads to womanhood. She lived a consecrated Christian life, and met the grim messenger of death with a smile and words of comfort and cheer to those she was leaving behind. Hers was a life that imparts lessons well worth emulating.

Funeral services were held at the home yesterday afternoon at 4:30 o'clock conducted by Rev. J. R. Combs, pastor of the Methodist church. The body was taken on the 10:45 L. &amp; N. train last night to Cleveland, Tenn., the old home of her parents, where the interment will take place this (Tuesday) afternoon.

#### LOVELY.

Mr. Jesse Lovely, aged eighty-one, a former resident of Paris, died at the Confederate Home at Pewee Valley last week, after a long illness due to the infirmities of age.

Mr. Lovely was a native of this county, having been born and raised near Centerville. He was a brother of Mr. John V. Lovely, of Paris, two terms as postmaster of Paris, and of Mr. Andrew Jackson Lovely, also of Paris, who was Deputy Postmaster under his brother, and was also prominent in Pythian circles in the State.

Mr. Jesse Lovely was a successful traveling man, having been in the employ of Wm. Glenn &amp; Sons, and later with R. M. Bishop &amp; Co., of Cincinnati, the senior member of the latter firm having at one time served as Governor of Ohio. He was a man

who made and retained warm friendships, and known as one of the best "story-tellers" on the road. He was a Confederate veteran, and served during the entire four years of the Civil War.

Mr. Lovely was the father of the late Mrs. Wm. H. Boswell, who resided in Paris many years ago. He is survived by one daughter, Mrs. Jesse Fiall, of Lexington, and four grandchildren, Mrs. Wm. Hodgkin, Mrs. Jos. Phillips and Mrs. Clarence Boswell, of Winchester, and Mrs. Stuart Tracy, of Lexington.

The remains were sent to Lexington, Saturday, where the funeral took place from the home of his daughter. Services were held at the grave in the Lexington Cemetery by Rev. I. J. Spencer. The pall-bearers were Ewing Hall, Clarence Boswell, Stuart Tracy and Wm. Hodgkin.

#### RELIGIOUS.

The International Convention of the Christian Church will be held in Kansas City on Oct. 24-31. One of the features of the convention will be the "Transylvania banquet," which will be held at the First Christian church in Kansas City. Talks will be made by Rev. Roger T. Nooe, of Frankfort, Prof. W. C. Bower and Dr. Geo. W. Brown, of Lexington. The Transylvania Glee Club will have charge of the music and college yells at the banquet. Paris and the county will be represented by a delegation.

Baptists of Paducah are making preparations to entertain the General Association of Kentucky Baptists to be held there November 13, 14 and 15, in the auditorium of the First Baptist church. About 500 delegates are expected to attend. Dr. A. Gatliff, of Williamsburg, the moderator, will preside. The secretary is Prof. John L. Hill, of Georgetown. The annual sermon will be delivered Tuesday night, November 13, by the Rev. N. E. Staley, of Madisonville.

## PUBLIC SALE

.... OF ....

## Valuable City Property!

The undersigned will offer at public sale on

**Saturday, November 3, 1917**  
**At 10 O'clock A. M.**

at the corner of Fifth and Main, the following described property to-wit:

1st.—The handsome 3-story business block on Main street; store room now occupied as a millinery store by Mrs. Corne W. Baird, over which is a beautiful flat on the second and third floors. This property fronts on Main street 22 feet, running back 84 feet, more or less.

2nd.—The store room adjoining, occupied by Harry Linville as a shoe store, and is the same property as the above, with the exception of the size of the lot, which is 19x84 feet, more or less.

3rd.—The double brick building on Fifth street now occupied by Dr. Vansant on the east side and Dr. Anderson on the west side. Over these offices are two modern flats, easily rented and now occupied by good tenants. This is an exceptionally good piece of investment property. This being a double house each side will be offered separately and then as a whole. The dimensions of this lot is 50x61 feet, more or less.

In the rear of the Main street property and between the Fifth street property there is a perpetual passway, which gives ingress and egress to the flats, store rooms and the residence property.

4th.—About 5 acres, more or less, on Stoner Creek, at the end of Stoner avenue, entrance both at Stoner avenue and Massie Lane. On this property is a large stable, cow barn and corn crib and chicken house. This would be admirable property for town lots.

5th.—About 9½ acres on east side of Maysville and Lexington Rail, road, running from Washington street to Stoner Creek and adjoins the Duncan heirs property on the east.

At the same time and place 6 fine milk cows will be sold. Four of these cows are fresh, two having calves by their side.

Parties desiring further information or desiring to look over this property will please call on Mr. Phil Nippert, who will take pleasure in being of service to them.

TERMS—Real estate, one third cash, balance in equal payments in two and two years, with 6% interest.
